John Kellar, the shoe maker, received papers on the 4th of July granting him a pension of \$12 per month. The back pension amounts to something over two hundred dollars. Mr. Kellar was very much elated over it and was especially jubilant because he received his documents on the Fourth.

The Clarion Assembly at Strattonville opens next Wednesday. Excursion tickets will be on sale. Persons going from Reynoldsville can get excursion rates to Brookville and go from there to the Assembly in a hack for \$1. The Assembly will be open from the 13th of July until the 3rd of August and the program for the entire time has been well prepared and will be very interesting. The expense of a trip to this summer resort will be very small and you will be greatly benefitted by going.

We frequently hear people apologize for mean contemptible things done by men who are under the influence of whisky. We agree with the Bradford Era in the following: "The fellow who does some dirty thing and then blames it on whisky is a coward as well as a cur, for the whisky can't talk to defend itself. A thousand barrels of whisky would lay on the sidewalk a hundred years and never harm any one. It is the innate meanness of the man who drinks it that does the mean acts, and to apologize by saying he was drunk is only to show that he is capable of being mean, and when stimulated by whisky he shows it."

The school directors of the borough, Dr. W. B. Alexander, David Wheeler, John Fink, Geo. Mellinger, Dr. J. C. King and Joseph Cathers, met last Wednesday evening and laid the mills for school purposes as follows: Schools, 2 1/2 mills, school building, 2 1/2 mills. Four mills would have been the amount laid had it not been for an application presented to the board for a night school. The law requires provision to be made for such a school when an application is made signed by the parents of twenty pupils. The directors added the extra mill to meet the expense of the evening session. It is estimated that from 250 to 300 scholars will attend the night school. The court has not confirmed the election of Saturday, June 25th, and the board took no action upon the building question.

DuBois Egotism.

The DuBois Courier acted so selfish when preparations were being made to get the fire companies to come to Reynoldsville on the Fourth, that it has won the contempt of a number of heretofore warm friends. Our morning friend devoted almost a column in giving the celebration at this place a good "send off." The big "we" was not set in italics, yet it was prominent through the entire article.

Those who heard Capt. Truxal's so called address in front of Hotel Belnap and then read the Courier's comment upon it, could not help but smile. The worthy gentleman from our sister town must have talked at least three minutes and then quit because there was so much noise he could not be heard.

Then, again, the Courier refers to the friendly water battle between the DuBois and Reynoldsville fire companies, and rejoices because their company gained the victory. The Reynoldsville Co., in due respect for the visitors, ceased the sport when signaled to do so by the DuBois Co. The visiting company had two sections of hose attached and used an inch nozzle and were throwing water with the breeze, while the home company had five sections of hose attached, used an inch and a quarter nozzle and were throwing water against the strong breeze, and they threw water nearly, if not as far as the DuBois Co. Give the Reynoldsville Co. two sections of hose and an inch nozzle and the DuBois engine will have to get up more steam than it had on the Fourth or it would not be "in it."

There is no doubt but what extensive coal works will be opened within three miles of Reynoldsville in the near future. The Bloomington Coal Co. are the people who propose opening the new field. Three drills are now at work testing the land. Senator Peale, of Lock Haven, is looking after the company's interests in this section. They have option on about 5000 acres. The Senator believes in spending some money in testing the land before commencing preparations to operate it. Something like six thousand dollars will be expended in finding out whether coal can be found in paying quantities. The company is an established one and will operate extensively if they open mines. If the prospects are not encouraging the company will return their options to the people from whom they were secured, as this prospecting is not for the purpose of selling out to some one else. In the event of the mines being opened it will depend on the run of the coal whether shipments will be made over the R. & F. C. R. R. from here or connection made direct with the B. & P. It is to be hoped that coal will be found sufficient to justify the company in operating it, as it will be a boom for Reynoldsville.

Hit the Mark. Rev. H. G. Furbay, pastor of the Reynoldsville Presbyterian church, attended the Alumni Literary exercises of the Central State Normal school at Lock Haven last Wednesday evening and delivered an address. The Lock Haven Express speaks in the following glowing terms of the young man's ability: "The address of the evening by Rev. Harvey G. Furbay, of Reynoldsville, fairly astonished all present that one so young should have already mastered the very heart of the true learning for he holds the masterhood of both language and oratory, to make it both pleasant and practical to his hearers. His address was one of the most eloquent and able ever listened to at the Normal. He spoke for more than an hour and held his audience as it were spellbound."

The following societies furnished meals for the hungry people who came to town Monday. The meals were served for the small sum of 25 cents, and yet they all realized a snug sum, taking in the following amounts: G. A. R., in their Hall, \$41.00; Daughters of Liberty, in Centennial Hall, \$90.00; Presbyterians, in room formerly occupied by Bolger Bros., \$75.00; Baptists, in room next to Dunn's hardware, \$56.00.

Proctor's Tannery. [Falls Creek Herald.] On July 9th the tannery of Thos. E. Proctor at this place will soak the first hides that were ever wet for tanning purposes at this place. The sixty day shut down which went into effect with tanneries that were running throughout the country on the first day of June, will have elapsed for the tannery at this place on the date above mentioned and active operations will then begin.

Settled for \$25 and Costs. Butler, the noted sparring character of this place, slugged a Polander on the evening of the Fourth. Both men were taken before the magistrate and were fined. On Wednesday the Polander had Butler arrested for assault and battery, but the case was settled for \$25.00 and costs.

Card of Thanks. We hereby give an expression of our appreciation of the efforts and successful labors of Mrs. Dr. W. B. Alexander as chairman of the committee on getting up the dinner served for the benefit of the Presbyterian church on July 4th.

LADIES OF THE CHURCH.

A WORTHY CELEBRATION!

THOUSANDS OF VISITORS HERE TO CELEBRATE THE FOURTH.

The Day was Beautiful, the Program Excellent and the People were Happy.

The wheels of Time roll on, the Fourth of July of 1892 is behind us. It was a big day for Reynoldsville. The outlook on Sunday for a pretty day on which to celebrate was anything but encouraging. Even as the dawn of morning began to make its appearance, hopes were none too bright. As the great orb of day ascended above the hills and gave forth the heat therefrom it was then evident that we were going to have a beautiful day. Not too hot, no dust, yea a perfect day for celebrating the anniversary of Independence Day. The decorations were not as elaborate as they would have been had it not been for the previous heavy rains. All the decoration for the occasion was done on Monday morning. Notwithstanding the fact that the festive attire was not what might have been expected, yet the town looked as if we were going to celebrate.

The early trains unloaded crowds of people, vehicles well freighted with humanity came into town from all directions, while many living within a radius of three or four miles walked in. Before the town clock struck ten Main street from the bridge to Arnold's corner, was almost impassable on account of the crowd. It is estimated that 8,000 people witnessed the celebration here.

The first sport of the day, as prepared by the committee, was a tub race in the Sandy Lick, which proved to be a tub race, as the three boys, Guy Hauck, Bruce Mitchell and Emmitt Sloppy, fell out of their tubs on the start and did not get in them again, but pushed their vessels ahead of them. The first prize, two dollars, was given to Guy Hauck, and the second, one dollar, fell into the hands of Bruce Mitchell. The next on the program was the heavy-weight foot race, but one of the gentlemen who was to enter this race was sick and the people were disappointed. Ed. D. Seeley and Sam. T. Reynolds were the heavy-weights. The "free for all" foot race was entered by Tom Williams, Fin. Roll, Pat. Gainer, Samuel Williams and John Ruth. The race was 100 yards and the prizes \$5, \$3, and \$2. Tom Williams won first, Fin. Roll second, and Pat Gainer third. There was a dispute as to whether Gainer or Sam. Williams won third, but was decided in favor of Gainer. This led to a second race between Pat Gainer and Sam. Williams for ten dollars and Williams carried off the ten dollar billy. The Reynoldsville and Prescottville bands united into one band and played Coreoran Cadets quick step and "Ocean to Ocean" overture in front of Hotel Belnap. Both pieces were appreciated by the immense crowd. Capt. L. M. Truxal, of DuBois, was presented to the people from the balcony of Hotel Belnap by Capt. T. C. Reynolds. Mr. Truxal, like many others of our neighboring town, is so thoroughly DuBoisized that he commenced his four minute talk by saying: "Fellow citizens of DuBois." About 1:30 p. m. the fire companies from DuBois came in on a special train over the R. & F. C. R. R. At 2:30 the parade was ready to move. It was headed by the Chief Marshal, Dr. J. B. Neale, and Staff, F. J. Black, Prof. W. H. Stamey and J. L. Fugate, then came the Reynoldsville band, the G. A. R. Post, Sons of Temperance, visiting lodges, K. G. E., I. O. O. F., Jefferson Commandery General No. 46, P. O. S. of A., O. U. A. M., Jr. O. U. A. M., Prescottville band, Volunteer Fire Co., DuBois; Citizens Engine Co., DuBois; Union Hose Co., DuBois; Reynoldsville fire companies, Loyal Legion, then followed the Industrial and fantastic portion of the parade. The following firms were represented: Sykes, Allis & Morehouse, woolen factory; S. Shaffer, lumber; C. F. Hoffman, jeweler; Bolger Bros., Clothiers; Glenn Milliren, gents' furnishing goods; D. F. Robinson, boots and shoes; J. C. Froehlich, merchant tailor, Bell Bros., clothiers; Priester Bros., furniture; Hotel McConnell; Reynoldsville Hardware Co.; Bell Bros. & Co., merchant tailors; G. J. Corwin, photographer; Walter Spry, insurance agent; Schultz & Son, groceries; H. A. Reed, boots and shoes; Wm. Copping groceries; McKee & Warnick, groceries; King & Co., groceries; Wm. Burge, groceries; H. A. Stoko, druggist.

After the parade the DuBois Citizens Engine Co. gave an exhibition of their engine near the Ross House. Their engine is able to do efficient work in case of fire. The DuBois firemen were fine looking and gentlemanly fellows and with their fire apparatus nicely decorated they added greatly to the appearance of the parade. The Reynoldsville company also gave an exhibition of the force of the water works at this place.

The DuBois firemen were taken to Centennial hall and given their supper before returning to their home.

About 5 o'clock the daylight fireworks were sent heaven-ward between Hotel Belnap and Centennial hall. The display was something new and was quite amusing. As a Chinaman, fish, rooster, turtle, parachute, or some other unique representation would appear

away above the crowd after an explosion it would call forth loud cheers from the people who were almost dislocating their necks in watching the aerial performances.

The Reynoldsville and Prescottville bands furnished excellent music for the occasion. These bands are a credit to the town and are second to none in the county.

There was no end to the fire cracker noise from early morning until late in the night.

The Jr. O. U. A. M. lodge engaged J. M. McCurdy, D. D., of Cursville, Clarion county, to deliver an address in the Opera House after the afternoon parade, but the gentleman did not get an audience and, therefore, he did not make a speech. He is an able man and, no doubt, would have given the juniors something good. There was too much excitement on the streets for speeches on the Fourth.

Those who had charge of the affair are deserving of praise for the manner in which everything was carried out.

The day's doings closed with a big dance in the Opera House under the auspices of the Jr. O. U. A. M. The interior of the Opera House was very beautifully decorated.

Resolution of Thanks. The Reynoldsville Fire department desire to express through the Columns of the STAR, Volunteer and the DuBois Express their most sincere thanks to the officials of the B. R. & P., railroad, to Hon. S. B. Elliott and George Mellinger for valuable and timely favors rendered, to the Stockholders of the Citizens Steam Engine Co., of DuBois, for their consent to have the Steamer come to Reynoldsville, to the members of the Volunteer and Union Hose Companies for their large turnout, elegant appearance, gentlemanly deportment and the generous good will manifested. To them we are indebted for one of the finest features of the parade. There kindness will be remembered and when opportunity offers cheerfully reciprocated.

This committee's duty would not be fully performed unless we assured W. A. Hatten, of DuBois, and the editor of the DuBois Courier that they have fully earned and hereby receive our utmost contempt for the misrepresentations and malice they have shown towards our town. In this instance Mr. Hatten was persistent in his pettiness, but it is far from being the Courier's first offence.

COMMITTEE ON RESOLUTIONS.

His Duty. [Ridgway Democrat.] It's a newspaper man's business to boom up his town for all it is worth month after month and to see \$100 worth of job printing go out of town every month because a dollar or two can be saved by so doing. It is the duty of the newspaper to give every local enterprise enthusiastic and frequent send-offs and then to get called down because he failed to record that a prominent man has his delivery wagon newly painted. To subscribe liberally to every public, charitable and church enterprise, advertise for nothing, pay their own way to everything and then be called prejudiced and mean spirited because a column is not devoted to that particular affair. Do you wonder there are so many cranks in the newspaper business? It is bound to make either a crank or a philosopher out of a man.

Tossed by a Cow. Herman, a little two-year-old son of Henry Deible, almost miraculously escaped serious injury last Saturday by being tossed about ten feet by a ferocious cow. Mrs. Deible missed the little lad and went to look for him just in time to see the cow get the boy on her horns and toss him. The mother was so badly frightened she became powerless to move and fell down and screamed. Assistance was soon at hand and the cow was driven off the street. If the owner of the cow is wise he will either butcher her or take her to the railroad and let an engine run over her.

New Rope Roads. [DuBois Courier.] The new ropes in Rochester mine were used for the first on Tuesday and found to work very smoothly. Tom Boyd was in charge of the haulage machinery and ran all day without accident. When using a new rope it is difficult to tell the location of the cars inside the mine and in consequence the trips were run slowly but in the course of a week normal speed will be obtained and the mine will be able to ship over 2,500 tons of coal daily.

Twenty-Five Dollars in Fines. The policemen had some business to look after on Monday. There was not as many drunken men on the streets as is usual on such occasion, especially where the crowd is so large, yet beer was "guzzled down" in great quantities. A few arrests were made and fines imposed to the amount of twenty-five dollars.

Notice. All persons having accounts with Messrs Reynolds & Kaucher, lately of the Reynoldsville hardware Co., are requested to settle the same as soon as possible. Accounts not settled before July 15th will be left in other hands for collection. J. H. KAUCHER, S. T. REYNOLDS.
